UK

2WIN PLUS

For all those, who have as high expectations into the vehicle as into the conversion quality.

We are presenting the great PLUS for everyone, who does not only place enormous value into high quality interior built quality, design and comfort, but also expect the best performance and reliability from the vehicle. All approved and beloved advantages of the 2Win like

comfortable half dinette, washroom, kitchenette, sleeping area and maximised storage space are here being combined with the best of a Citroën Jumper. Comfortable and strong: this is the 2Win+.

Furnish: Calva Apfel/Upholstery Silver | Table with extension (optional)

Comfortable sleep | Large double bed in the rear

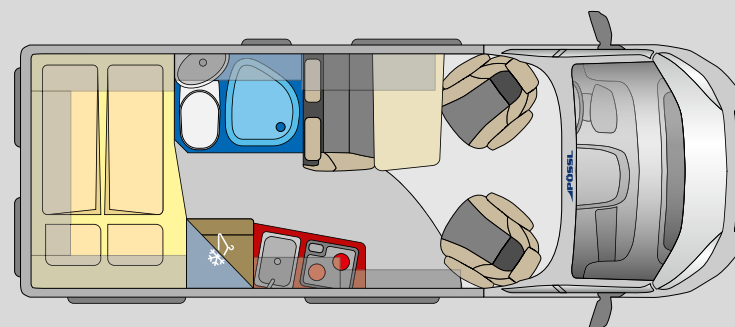

Extra large dinette | Convivial space for four

Spacious kitchenette
Cupboards and drawers offer space for all utensils

Large washroom with shower
Comforts almost like at home

- + **Separate washroom**
- + **Ceiling cabinets all around the rear double bed**

2WIN R PLUS

The All-Rounder with central washroom

The 2Win R PLUS is offering this very special comfort: with the practical panelled shutter wall, an extra-large washroom with shower appears. If needed this partition can be used to separate living and sleeping areas from each other. And there it is: the washroom comfort almost like

at home! Also the R-Version is offering a must-have for all who sleep "long": a large and comfortable bed. Fitting add-on: a raised fridge with a large hanging wardrobe beneath for loads of storage space.

Design Elegance | Upholstery Silver | Alternative table top (optional)

Kingsize bed | With 1.960 x 1.570 / 1.450 mm ultra-comfortable and extra-large

Extra-large dinette | All the comfortable space for four

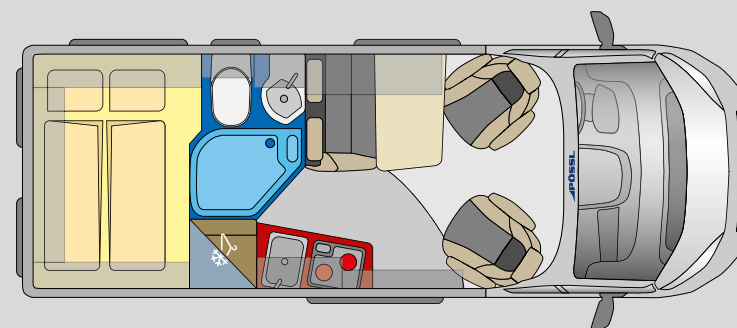

Spacious kitchenette

Cupboards and drawers offer plenty of space for all utensils.

Practical central washroom

More space in the washroom and doubling as a room divider.

- + Raised fridge – extra comfortable to reach. Optional large fridge with separate freezer compartment available.
- + Flexible central washroom with high-value panelled shutter wall – also perfect as room divider.

ALL-INCLUSIVE

AIR CON IN THE DRIVER CAB

The PLUS Models are an offer to everyone, who doesn't want to be content with less. They convince with an all-inclusive equipment package as standard, which doesn't leave much to desire for – and all this for an unbelievable attractive price. So: don't dream any longer, but just enter and start your adventures.

Egro: The Best of PÖSSL combined with the Best of Citroën.

Subject to technical modifications and error. Please be kindly advised that this catalogue contains depictions of decorations, décors, furniture, upholstery and equipment which might be optional and subject to a surcharge. All measurements are metric, lengths in millimetres, if not mentioned otherwise. Technical details concerning technology, water supply and prices are detailed in the separate pricelist. Colour deviations are due to the printing production processes. Current and updated as of 02/2019. - Version 2

*The "Mass in running order" contains according to EU-Standards 97 / 27 EG and EN 1645-2 the unladen weight of the vehicle – inclusive the driver (75 kg), filled fuel tank and the following standard load: water tank with reduced capacity (20 kg), one full gas bottle (11 kg) and a cable drum (4 kg). The technically approved total mass should not be exceeded by added individual equipment, passengers and possible optional special equipment. The count of passengers can be reduced by adding special or optional equipment. All mentioned data concerning scope of delivery, outlook, design, performance, measurements and weight of the vehicles are valid at the date of layout and printing and conform with the European Regulations for Homologation. These can be subject to change at the time of sale or delivery. Deviations inside manufacture tolerances (+/- 5% max.) are possible and permissible.
